

SPOONER'S SEAT VACANT.

Wisconsin Legislature Is Deadlocked Over Election of His Successor.

Madison, Wis., May 1.—Senator Spooner's seat at Washington became vacant at midnight Tuesday and the Wisconsin legislature remains as tightly deadlocked over the election of his successor as when voting began more than two weeks ago. Nor is the solution of the situation in sight.

The Republicans in caucus took five ballots, all practically alike and showing the lines of the five candidates holding without a break. On the last,

the forty-third ballot, Congressman Cooper received 17 votes, Congressman Pack 19, ex-Senator Hatten 16, ex-Speaker Lenroot 19, ex-Congressman Stephens 19, Winkler 4, Baensch 4 and Gordon 1.

Disorders in Japan.

Tokio, May 1.—Owing to the discharge of 600 workmen from the shipyards at Kurasa disorders have broken out there and part of the works have been destroyed. Police and soldiers sent from Yokozuka have been unable to restore order and further troops have been despatched.

A BOLD STEP.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has absolutely and completely removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition*.

They are now in a class all by themselves—being absolutely and in every sense Non-secret.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

So many false formulas and malicious statements concerning his medicines had been published through the connivance of jealous competitors and disgruntled doctors, that Dr. Pierce determined to completely disarm his assailants by a full and frank statement of their exact composition, verifying the same under oath as complete and correct. This he has done and to the complete discomfiture of those who had assailed his good name as well as the well-earned reputation of his world-famed medicines.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this booklet it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, and with the use of specially designed chemical apparatus, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health.

MEN AND WOMEN should have a medical book handy. They should know about anatomy and physiology. They should have a book that treats of the sexual relations of the sexes as well as how and when to advise son and daughter. Has unequalled endorsement of the press, ministry, legal and medical professions. A standard work is the People's Common Sense Medical Advisor, by R. V. Pierce, M. D. Send 31 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-covered volume. Address Doctor R. V. Pierce, Buffalo, N. Y.

AMERICANS WOUNDED

Sailors From Cruiser Tacoma Attacked by Cubans.

THREE SERIOUSLY INJURED

Seven Others Cut and Bruised in Conflict with the Police of Santiago—No Political Significance Attached to the Affair.

New York, May 1.—A dispatch from Havana to the Herald reports that a number of sailors from the cruiser Tacoma were wounded in an affray with the police of Santiago. Commander Tappan, in reporting the affair, wired as follows:

"A small party of liberty men from the Tacoma were attacked by the police of Santiago while on their way down to the wharf. Ensign Brisbin, who was present in civilian clothes, was also attacked by the police. These were injured: Henry Leo Lee, fireman, shot in lung; Claude Joseph Pemberton, electrician, cut on left arm; Leslie Baldwin, seaman, arms fractured; all serious. Also cut and bruised: Ensign A. T. Brisbin, machinist's mate C. B. Thackellen, apprentice E. F. Anders, Seamen Glen Cavendar and Louis Kline and Electricians Frank Leghorn and N. G. Sturdevant. All is quiet now. Am making a thorough investigation.

Governor Magoon has telegraphed the governor of Santiago province to investigate the trouble and report to him. No political significance, the dispatch states, is attached to the encounter in Havana.

IN BOND CONSPIRACY CASE

District Attorney Jerome's Office Making Some Headway.

New York, May 1.—By securing papers that had been locked in the vaults of the Atlantic Safe Deposit company, the district attorney's office made material headway it is believed in its investigation of the conspiracy through which the Trust Company of America was robbed of bonds aggregating in value more than \$500,000.

It was reported that the papers included considerable correspondence, but nothing definite could be learned officially. Oliver M. Dennett and W. O. Douglass were taken to the district attorney's office where they were closeted separately with Assistant District Attorney Murphy and it is understood questioned at length. Three newspaper reporters who had been working in Boston also visited the district attorney and told of what they had learned regarding the mysterious "third party" who according to rumor is involved in the conspiracy.

Following the talks with Dennett and Douglass a messenger was dispatched from the district attorney's office to the Atlantic Safe Deposit company. The messenger was armed with an order for the delivery of a strong box which soon after was brought to the district attorney's office.

WOULD DISSOLVE THE DUMA

Russian War Minister Wants the Czar to Do So.

St. Petersburg, May 1.—Lieutenant General Rudiger, minister of war, went to Tsarskoe Selo to report to Emperor Nicholas concerning the incidents in the duma Monday. As he is known to be furiously angry over the attacks made on the army a rumor is in circulation that he persuaded the emperor to dissolve the chamber. The cabinet, however, considered ordinary business and one of the ministers said there was no doubt the duma would reassemble May 13.

The morning session of the duma was stormy, but less disorderly than that of Monday. Gregory A. Alexinsky, Social Democratic member for St. Petersburg, was the principal speaker. He said Socialists everywhere refused to vote for military budgets because armies were used in the oppression of workers and that there was a much greater reason that they should refrain in Russia, where the soldiery is employed to crush the people. He resented the imputation that this was not patriotism and said if a German army (a bugaboo invoked by the Constitutional Democrats to pass the measure) appeared at the frontier the proletariat guard would as willingly die in defense of the fatherland as it is now dying while fighting its tyrants. The speech steadily grew more violent and the army was charged with participation in Jewish excesses.

M. Alexinsky was repeatedly called to order and finally was denied the floor. At this the Social Democrats left the hall and Constitutional Democrats, taking advantage of this action, moved closure of the debate.

In this open session of the chamber the Social Democrats proposed the discussion of a vote of censure of M. Golovine, the president, but Golovine, amid hisses and catcalls from the Left, ruled that criticism of the chair was out of order and refused to recognize radical speakers.

The courtmartial bill was adopted without discussion. The reactionaries raised the point of no quorum and refused to be counted as present. In the remaining half of the house, however, a bare quorum was found and the measure was passed.

Autoist Sent to Prison.

Yonkers, N. Y., May 1.—William E. Dodge of New York, son of the philanthropist, William Earl Dodge, and son-in-law of Henry T. Sloan, the millionaire carpet manufacturer, has been sentenced to ten days in prison and fined \$100 for automobile speeding. Dodge had been arrested twice before for the same offense.

American Sailors Victorious.

Norfolk, Va., May 1.—American sailors won all of the places in two of three international races between the crews of warships in Hampton Roads and British tars took first and second places in the other contest. The races were between four-oared gigs, twelve-oared admiral barges and eighteen-oared sailing launches.

DANGER IN DELAY

Kidney Diseases are too Dangerous for Brainerd People to Neglect

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Brainerd.

Mrs. S. Brain, of 601 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills and time after time I have recommended them to persons suffering from kidney troubles. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

TWO-CENT FARE NOW IN FORCE

Sale of Tickets Under New Tariff Commenced in Brainerd Last Night

NO COUPON TICKETS SOLD

Agents Instructed to Sell Tickets Only to Junction Points With Foreign Roads

Two-cent fare in Minnesota is now a reality. The ticket agent at Brainerd sold the first tickets at the new rate for No. 13, which left Brainerd at 12:05 a. m. this morning. The agents have received orders to sell no coupon tickets until further orders, and passengers for points on other lines can only purchase tickets over the Northern Pacific and only check baggage to the junction point. The half fares to clergymen are cut as are the special permits to theatre companies.

The fare will be strictly two-cents a mile hereafter and the fare to the cities via Staples is based on the mileage actually traveled. We give below a few of the rates under the new tariff which interests Brainerd:

Brainerd to Minneapolis direct... \$ 2.58
Brainerd to Minneapolis via Staples..... 3.22
Brainerd to St. Paul direct..... 2.79
Brainerd to St. Paul via Staples..... 3.43
Brainerd to Little Falls direct..... 63
Brainerd to Little Falls via Staples..... 1.27
To points on the cut-off the fare based on the actual distance traveled, for example:

Brainerd to Darling, via Little Falls..... \$ 72
Brainerd to Darling via Staples..... 1.18
Brainerd to Philbrook, via Little Falls..... 1.18
Brainerd to Philbrook, via Staples..... 72

The fare from points between Brainerd and Carlton to the twin cities is also given via either one of these points. From Aitkin to St. Paul for instance it is \$3.89 via Carlton and \$3.25 via Brainerd, while from Aitkin to Minneapolis it is \$3.02 and \$3.12 via Brainerd.

To points reached by only one line of the Northern Pacific the reduction is practically one-third. The company counts every fraction of a mile as a half if less than one-half and as a full mile if more than one-half.

The New Pure Food and Drug Law

We are pleased to announce that Foley's Honey and Tar for coughs, colds, and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults.—H. P. Dunn & Co. mwfdw

A Song for the Season

Bring my fur-lined coat and mittens,
When you wake me on that day,
For I'm to be queen of the May, mother,
I'm to be queen of the May.
Have a bowl of something hot, dear,
And a mustard bath, I pray,
It's the coldest job I know, mother,
Being the queen of the May.

DON'T DIE AT 45

Cure the Indigestion Which is so Liable to Lead to Apoplexy

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "stroke," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty today in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion is the guarantee that H. P. Dunn & Co. give with every 50-cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantee like this must inspire confidence in Mi-o-na. H. P. Dunn & Co. take the whole risk and the remedy will not cost you a cent unless it cures. wft3

NEW MORTGAGE REGISTRY LAW

Bill Goes Into Effect Today Requiring Payment of Registry Fee on Mortgages

ONE-HALF OF ONE PER CENT

Must be Paid Before They can be Filed for Record—No Further Taxes Assessed

The new mortgage registry law went into effect this morning and as it was necessary to register old mortgages today to avoid payment of the personal property tax thereon there was a hustling to get under cover. Under the new law a registry fee of fifty cents on each \$100 or fraction thereof must be paid on all mortgages hereafter filed, to be paid to the treasurer before filing. The law also provides that mortgages now on file may pay the registry fee on the amount sworn by the owner to be due. This affidavit, on file is a bar to the collection of any more on the mortgage than is set forth in the affidavit.

Follows His Sweetheart.

Huntington, W. Va., May 1.—Samuel Rittenour committed suicide here by taking carbolic acid. Saturday Rose Spears ended her life in the same manner because she thought Rittenour had deserted her. Rittenour returned from Kentucky where he had been on business and learning of her death drank the acid in the room in which the girl had ended her life.

Life impossible Without Sleep

The Vitality Consumed During Waking Hours Must be Restored by Sleep—Otherwise Collapse.

Men have lived for weeks without food, whereas a few days without sleep and man becomes a raving maniac—a mental and physical wreck.

Nights of sleeplessness tell of a feeble and depleted nervous system, of approaching nervous prostration or paralysis.

The use of opiates merely gives temporary relief, and actually hastens the collapse of the nervous system.

The regular and persistent use of Dr. A. W. Chase's Nerve Pills will form new, rich blood, create new nerve force and thoroughly cure sleeplessness and nervous exhaustion.

By keeping a record of your increase in weight while using this treatment you can be certain that new, firm flesh and tissue are being added to the body. You will feel the benefit in every organ.

RECEIVES GLAD TIDINGS.

Prisoner Informed That President Favors His Pardon.

Leavenworth, Kan., May 1.—In the office of the deputy warden of the federal penitentiary here "Mrs. Charles W. Anderson," her five-year-old daughter and Robert January of Chillicothe, Mo., a brother of the prisoner, visited William January, alias Anderson, the escaped convict recently recaptured in Kansas City. The wife carried the glad tidings of President Roosevelt's note favoring the pardon of the prisoner in response to the appeals of 40,000 petitioners. Robert January came to renew a family tie that had been broken for years.

Mrs. Anderson, for this is the name under which she was married to January, appeared at the warden's office on her usual stated visit, with no knowledge of the good news in store. A newspaper man read the Associated Press dispatch from Washington. Instantly light and color lit up the face of the woman. "I cannot express my gratitude," she finally said, then hurried to the office of Warden W. R. McClaughry for permission to interview January.

Before permitting the wife and brother to visit the prisoner, Warden McClaughry warned Mrs. Anderson not to build up her husband's hopes too high. He told her that the president's order was only a preliminary step and that while he believed the

press dispatches were true, he had not been officially notified of the action.

Mrs. Anderson, the little girl and Robert January were escorted into the deputy warden's office and soon William January was called in. Although the brothers had not met in years they recognized each other instantly. A tearful, happy greeting ensued.

Then the wife told the prisoner of the Associated Press dispatch. January had previously been appraised of the great activity in his behalf, but he was not prepared to hear such important results and his whole manner changed. The prison officials withdrew and a lengthy, joyous family visit ensued.

Germany Will Not Discuss Limitation of Armaments at The Hague.

Berlin, May 1.—There was a general debate in the reichstag on Germany's foreign relations and, incidentally, Andrew Carnegie's recent remark that the decision between peace and war is in the hands of Emperor William was classed as a "distortion of facts."

Speakers of various parties suggested to the chancellor, Prince von Buelow, that Germany should take no part in the discussion of the limitation of armament at The Hague.

The chancellor replied that Germany did not object to letting other powers discuss the matter, but would hold aloof. This statement was received with approval.

THREE TRAINMEN KILLED.

Canadian Pacific Freight Train Runs Through a Bridge.

Port Arthur, Ont., May 1.—A Canadian Pacific freight train eastbound ran through a small bridge just east of here, carrying to their death Engineer William Fixter, Fireman Veandrey and Brakeman Villeneuve. The locomotive and seven cars of flour, which crashed into the ravine, burying the three members of the crew, immediately caught fire and the torture of the pinned men under the wreckage was frightful until death ended their suffering.
